Rogan is a puppet and I heard he's going to have a couple of people on his show that day they started the qanon movement. It will be a mockery. I just don't trust him.

Joe Rogan is a controlled opposition & disinformation shill. That his tactic to draw supporters from Trump to Bernie wasn't going to work anymore, he decided to entrench himself amongst Trump supporters so he can soon cause disruption and division.

Many died they say and were burned and never heard from again - friends of theirs are just gone and vanished

Advertising in the Failing New York Times is WAY down. Washington Post is not much better. I can't say whether this is because they are Fake News sources of information, to a level that few can understand, or the Virus is just plain beating them up. Fake News is bad for America!

Trump literally falsely accused the Central Park 5 of rape and paid the New York Times to publicly call for their brutal executions. Maybe this is his plea to get them to let him take out a few more full page ads destroying people's lives on a good discount.

This is Trump and his scumbag racist friend proudly holding up a framed copy of the full page ad while posing for a photo. Ruining five innocent lives is like a sport to these rich motherf*kers and this is just a trophy to them.

Advertising in the Failing New York Times is WAY down. Washington Post is not much better. I can't say whether this is because they are Fake News sources of information to a level that few can understand, or the Virus is just plain beating them up. Fake News is bad for America.

Total COVID-19 deaths are now projected to be 49,000 - best-case scenario. Just last week, Birx told us 200,000 was the best-case scenario.

That's a 75% miss folks.

Add to that the fact 88% of these deaths may be misclassified, you are looking at a 97% miss!

The big issue is, what happens if millions and millions have this and are asymptomatic staying home, then we open back up, wont' we see another influx?

Are we really slowing anything, or just avoiding the inevitable?

You're better than this Matt. Our side has a handful of news that is supportive to our cause. I don't care if he's not perfect, at least he's fighting for us. Feel the same way about you and all you've done.

It's my job to call someone out when they're being ridiculously NEGATIVE all the time. I'm over it honestly, he's not watchable, and the news he breaks my group breaks a week before he talks about it.. Just not worth my time anymore, and life is too stressful to watch him.

I find it astounding how there have been no mass shootings lately, yet gun sales in America are up nearly 300%.

It's almost as if guns aren't the problem? Weeeeird! 🤔🤔

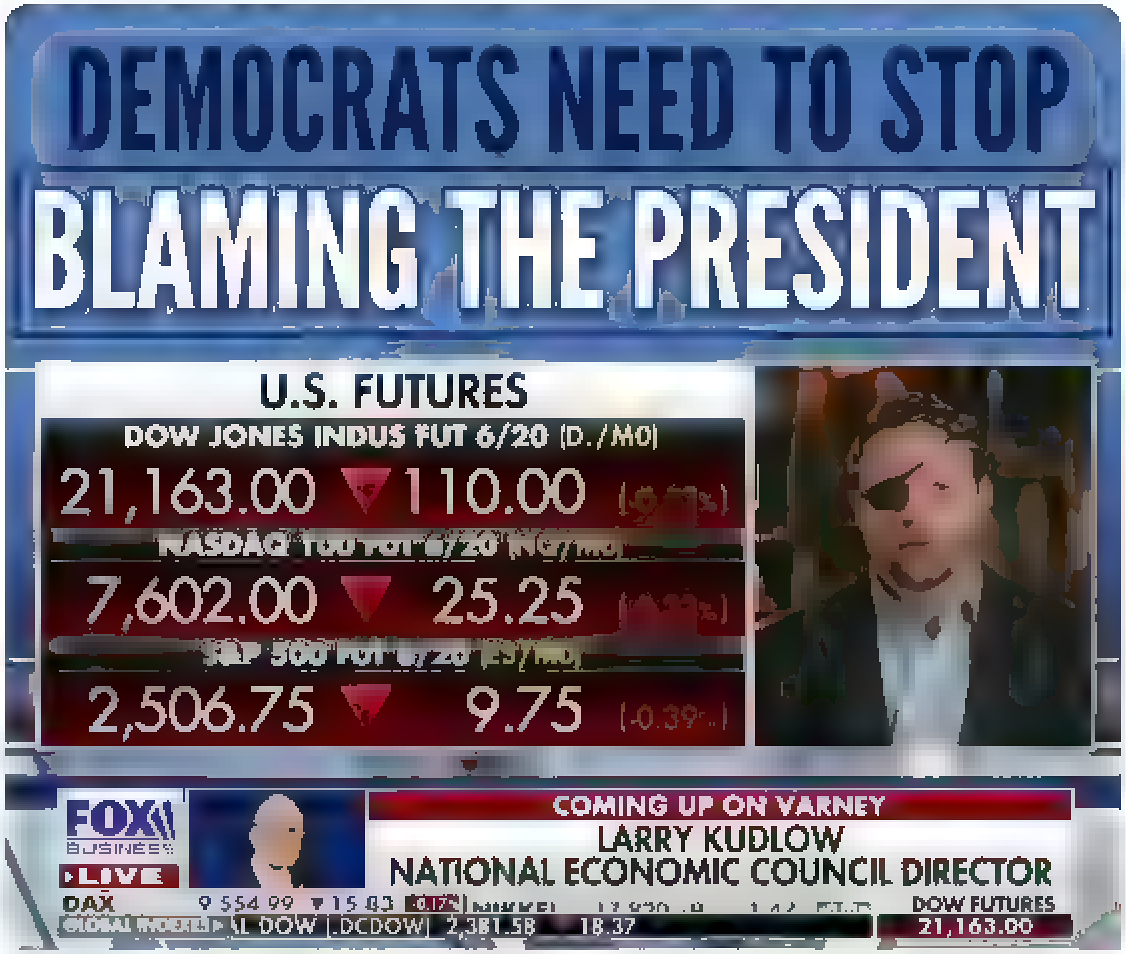
On the same day that POTUS restricted travel from China, Jan 31st, Pelosi pushed for the NO BAN Act, which would restrict the ability to take the exact action that we now know saved lives.

Good faith criticism is welcome and expected, but the bad faith finger pointing must end.



America got hit by a truck.

After spending a few days at home teaching my child, I'm 100% convinced the liberal school systems are an absolute dumpster fire of epic proportions.

Good Lord this is maddening how lost our children are

We did not home school, but we did plenty of unlearning and re-teaching all the way through.

Don't know how old your kids are, but parents absolutely need to be vigilant throughout their entire time in govt school

Common Core was done by Pearson Publishing who was paid $375 M. When Obama left the WH Pearson published his book & gave him an advance of $46M?

Wrong... 5 per 1,000 SF.... and most SuperCenters are 179,000 SF...

Now you do the math on how many people are inside at one time..

That's damn near 1,000 in the store at any given time, not including employees...

Wrong... 5 per 1,000 SF.... and most SuperCenters are 179,000 SF...

Now you do the math on how many people are inside at one time..

But with everyone locked down, and checks coming from taxes and big brother, they'd make a FORTUNE releasing a new console next month..

Mr. President,

Millions of Americans are now waking up to the liberal indoctrination and idiocy of America's Public School System. We see it first hand right in front of our eyes now as we're teaching our kids.

NOW is the time to overhaul the Public School Systems.

Even if he is a leftist, I still admire Seymour. As far as I know he is not a DS operative. That said, his reporting during the Iraq invasion, particularly the Cheney stovepipe, was journalism at its best.

I've been saying this since the first stay-at-home order. Parents are finally seeing what's really (not) going on at school. We hs'ed our kids for part of their education, but we were very involved when they went to public school. I hope lots of families choose to keep 'em home.

I was walking home on a Summer night in July of 2016.. I worked for the DNC.. I was shot multiple times in the Torso

They called my murder a botched robbery

No Cameras, No Video, No One's Talking

I still had my wallet, cash, credit cards, phone(s), necklace, watch..

Even if he is a leftist, I still admire Seymour. As far as I know he is not a DS operative. That said, his reporting during the Iraq invasion, particularly the Cheney stovepipe, was journalism at its best.

Absentee Ballots are a great way to vote for the many senior citizens, military, and others who can't get to the polls on Election Day. These ballots are very different from 100% Mail-In Voting, which is "RIPE for FRAUD," and shouldn't be allowed!

The GOP killed the #SAFEAct, which would have banned remote access & internet connectivity to voting systems, but expects us to believe it cares about potential election fraud? Nah, it just doesn't want everyone to vote. Heritage Foundation's founder admitted this years ago. 1/

It's called being facetious.. You should try reading the article... The point of the article is if Snopes says that the New York Times is Fake News, then how bad must the article be?

Absentee Ballots are a great way to vote for the many senior citizens, military, and others who can't get to the polls on Election Day. These ballots are very different from 100% Mail-In Voting, which is "RIPE for FRAUD," and shouldn't be allowed!

It's called being facetious.. You should try reading the article... The point of the article is if Snopes says that the New York Times is Fake News, then how bad must the article be?

I swear, common sense is out the window for many on our side.. It's no wonder my brain hurts..

Yes, definitely nothing to investigate there.

How do you look at yourself in the mirror? Is Fox money really more important to you than your integrity?

The coronavirus is not an invisible enemy. Thanks to modern technology and science, we can see every intricate detail of the coronavirus including its outer envelope and spike proteins, which are key to understanding and finding a safe and effective vaccine.

We live in a log home with great views. Today is sunny, windy, and chilly 48 degrees. Even though our family can't come for Easter, I'm still making ham, scalloped potatoes, etc., and baking a carrot cake for dessert. Life goes on!

A very good sign is that empty hospital beds are becoming more and more prevalent. We deployed 418 Doctors, Nurses and Respiratory Therapists from the hospital ship Comfort and the Javits Convention Center to hospitals in NYC & State. Have more bed capacity than was needed. Good!

If the Fake News Opposition Party is pushing, with all their might, the fact that President Trump "ignored early warnings about the threat," then why did Media & Dems viciously criticize me when I instituted a Travel Ban on China? They said "early & not necessary." Corrupt Media!

My epiphany or "awakening" happened 3 years ago about this time of year. My dad had passed away on Xmas Day 2016, a few months before. It was late, on the street. Pulled up Fox News on my phone to see what was going on with Trump. Saw Twitter. That's how I ended up here. Trump.

It's crazy to me - I joined Twitter 18 months ago after over 50 years of never doing social media.

And now, I somehow manage to piss off so many people by simply stating my honest opinion.

Like anyone, I'm not always right, but I'm not going to let anyone tell me what to think.

Strange how he wasn't arrested for impersonating a Federal Agent, isn't it...

Stop attacking people for actually doing research and working on things.

He also stated that the Queen of Denmark had 30 days to step down... She did that 30 days to the day..

We're investigating it

There's a difference in giving your opinion and attacking people because you think you know more than they do. That part is laughable.

Do your own research, and stop relying on what others tell you to be the truth.

What's better than this is people attacking someone who wrote an article with an opinion. Which they are ALLOWED to do.

Hannibal Moot follows the Q movement, I don't. The article is interesting and asks many questions, it's okay to do that, Isn't that what the movement is about?

There's a difference in giving your opinion and attacking people because you think you know more than they do. That part is laughable.

Do your own research, and stop relying on what others tell you to be the truth.

If you were trying to prove your point to someone, would discussing it logically with proven facts make more sense?

Or would just attacking them because you "think" you're right based on what other people tell you to think?

Interesting..

So an actual opinion piece by .@hannibalmoot asking some questions, and you're calling it garbage because you don't agree with his opinion? How liberal of you.

You should be embarrassed to make statements like this. I guess the Messiahs of the movement know best.

The @nytimes story is a Fake, just like the "paper" itself. I was criticized for moving too fast when I issued the China Ban, long before most others wanted to do so. @SecAzar told me nothing until later, and Peter Navarro memo was same as Ban (see his statements). Fake News!

Trump didn't complain about the New York Times when he falsely accused the Central Park 5 of rape and paid them to publicly call for their brutal executions. In fact, he was so proud that he framed the full page ad and posed for a picture like it was a racist blood sport trophy

Having been involved in the negotiations, to put it mildly, the number that OPEC+ is looking to cut is 20 Million Barrels a day, not the 10 Million that is generally being reported. If anything near this happens, and the World gets back to business from the Covid 19

The Energy Industry owes a great deal to President Trump. America is energy independent for the first in history & consumers are reaping the benefits

A strong economy and great gas prices are what gets a President re-elected. think we know how 2020 is going to go #4MoreYears

A LEO friend of mine was murdered while on duty a few months ago. He was ambushed. His badge was 413. Today is 4-13-20 & I'm doing 413 push-ups today, some are running 4.13 miles to honor him. If you feel up to it, do something similar & post it. Would be nice to see. Thank you.

I find it inherently sad when other conservative patriots who are supposed to be on the same team chastise and toss hate at each other for simply having a differing opinion. For keeping an open mind, and a desire to investigate further.

Remember I said this! 😉

Yes, and Ed Butowsky supposedly hired defango for some hack jobs. Then a while later defango went on YouTube saying he s Q. Now Austin S BabyQ. from the same area as defango, claims he is Q & @hannibalmoot wrote an article saying he believes its possible. Is there a connection?

Exposed myself as what tough guy? By doing an Interview that no one else had the balls to do?

I've done a lot more for my country and this movement than watch some YouTube videos and claim I'm a part of something.

How about you?

Who in the F*** do you think you are thinking you can talk to me this way about my family?

You know nothing about me, my drive, my work ethic, or my sacrifices for the truth that no one else will make.

I do EVERYTHING for my Children!

That's a pretty despicable thing to say attacking someone's character among other things is a pretty low blow. Its one thing to disagree with someone on merit fine then challenge that in a respectable way but to sink to such a level is straight up wrong

Thank your family for their sacrifice to the country. My condolences for your loss. With that being said you do not personally know Matt or his family. So, it is not your place to speak about his personal life.

All of you tolerant Q folks should try reading the article from one of the most talented Conservative writers in America in @hannibalmoot

I'm ashamed at how ignorant and intolerant so many of you have become.

That's NOT what this movement is about.

holy shit yall just missed it
Matt Couch asked austin... 'so Q just posted, is that true?' and since Austin didn't have time to check QMAP and come up with an excuse - he said. I don't know, thats Q+ i don't control the board.

THANK YOU Q!
that was all we needed.

he also said this
he 'did this to bring attention to Q and the movement' so ikinda think he pulled a publicity stunt for promo
i aint mad at him, but its funny that Q busted the shit out of him.

PAIN!

There is absolutely ZERO logic or reason that all beaches, lakes, recreation areas, and parks aren't open, right now. None.

We the People aren't dumb. If we can social distance at a grocery store - we can damn sure do it at a beach.

the reason this is true isnt immediately obvious. We only see about 20% of cases. Only about 20% have symptoms. Then of that 20 %, 80% wont need help. 20% will. Then of that remaining 20% that needed help 50% roughly will not do well. What we dont know yet is tons have antibodies

I've read the article and understand completely that it's not about Austin Steinbart. Yet I do have to wonder if Q ever did make himself/themselves known how many people would shut it down because it's not who they thought Q would be?

I've never understood how so many ppl could put so much faith and trust into someone they have no idea who this person/these ppl are. They have no idea if q is leading them down the right path or down a dark path. I believe it's the latter

holy shit yall just missed it

Matt Couch asked austin... 'so Q just posted, is that true?' and since Austin didn't have time to check QMAP and come up with an excuse - he said, I don't know, thats Q+ i don't control the board.

THANK YOU Q!

that was all we needed.

he also said this

he 'did this to bring attention to Q and the movement' so ikinda think he pulled a publicity stunt for promo

i aint mad at him, but its funny that Q busted the shit out of him.

Americans are going to more than likely have to march on our State Capitals to get this country opened back up.

These governors will NOT want to relinquish power they've been given, and it's going to be interesting to see how this plays out. Especially in liberal states..

Lots of Northeastern states will likely not open for some time regardless of the situation. Here in PA, we're still a few weeks behind NY and NJ, and we haven't hit the curve quite yet. That alone will give them enough reason.

It would be worth a minute or two to get a look at the NJ state constitution. Pretty sure it also has a bill of rights or similar language, most of the original colonies do.
